Moriah Corporation Client Named AccuPOS Customer of the Month

FOR IMMEDIATE RELEASE

Sweet by Holly, a Moriah Corporation client, in Jacksonville, FL, is named the January 2012 Customer of the Month by AccuPOS, a Moriah Corporation Point of Sale Software Supplier.

Moriah Corporation was engaged by Sweet By Holly to implement a customized end-to-end solution that integrated the AccuPOS point of sale software with their Intuit QuickBooks accounting system and merchant services. The integrated POS and accounting incorporates many features that provides Sweet by Holly with an efficient, cost effective solution that saves them both time and money in their daily operations.

Sweet by Holly is a great example of moving into more advanced software choices in order to support your business growth. Holly has an additional shop that has been in business since before working with Moriah Corporation. It is in her new location in Jacksonville, Florida that she realized she needed a more advanced and customizable system. Holly worked with Moriah Corporation to achieve that goal. Thanks to Moriah, Sweet By Holly is making life a little sweeter - one cupcake at a time.

“We have only been using AccuPOS a short time but have had great results. AccuPOS’s easy to use interface has helped us quickly deliver our rapidly growing signature cupcakes. Thank you Moriah....!” – Victor Rodriguez, General Manager of Sweet by Holly.

For additional information on Moriah Corporation’s full range of integrated Point of Sale, Accounting and Network solutions, please contact us at 321-600-4941.

Moriah Corporation is a Melbourne, FL based veteran owned, minority owned small business that has provided Information Technology, Financial Services and Facilities Services to Government, Medical, Commercial, Residential and Non-Profit customers for over 14 years.
